GAME DEVELOPMENT COACH

Byron Nel

The Country Club, Johannesburg

Byron continues to do an unbelievable job at Country Club Johannesburg, creating programs which inspire players of all ages to take up golf and then enjoy it for a life time. I have always been impressed with Byron's innovative and enthusiastic approach to coaching, he is exactly the type of person that every child growing up deserves and always seems to be looking for ways to make golf more fun and engaging to the masses. Byron would be a phenomenal candidate for the Game Development Coach award.
