

To Whom May It Concern

September 2020

Head Pro Leigh-Jane Middleton has selflessly championed the golf development of the eight Girl Children in the Progressive Women In Golf #TakeAGirlChildToTheGolfCourse Development Program since 2015 as part of her passion for community development.

For the past five years she has selflessly invested her resources abundantly and consistently: Since 2015 she has provided free golf lessons every Thursday for an hour from 10am to 11am together with her passion and dedicated team of teaching golf professionals. Together with Progressive Women In Golf and Bryanston Country Club she continues to shape tomorrow through working with us on various programs like #MakeEducationFashionable and donation of golf equipment and clothes that enables the Girl Children to achieve excellence in all spheres of their lives through golf.

When we introduced the Girl Children to Leigh In 2015 they were extremely reserved and could not express themselves. Today their amazing confidence, ability to express themselves, dedication to improve their lives through golf and education is leaving us in awe!

We are inspired by Head Pro Leigh-Jane Middleton and we continue to learn a lot from her as a leader in golf, entrepreneur and phenomenal woman.

It is through individuals like Head Pro Leigh-Jane Middleton and golf courses like Bryanston Country Club that Progressive Women In Golf non-profit organisation continues to deliver in its mandate and the Girl Child from humble beginnings shall prosper.

Kind regards,

Malethola Matube
