

To my fellow Pros

I am always humbled to be nominated for our regional awards. I am incredibly fortunate to do what I love and every day brings with it new opportunities in the game of golf. Over the past 10 years the game has allowed me to travel the world, meet incredible people and help so many learn more about how to play the game.

I too have learned an incredible amount over the years and there's no question that no matter how much you've done, there is always new things to learn. My business has grown tremendously over the years and I am so grateful to my team who continue to lead from the front in everything they do. Nothing is possible without a great team and although I'm the one being nominated, without their hard work and dedication, Scratch Golf would not be the business it is today.

Our Golf In School Program continues to spread the game with over 3000 kids being introduced each term. Our Junior Academy is growing so fast and we are seeing new kids each week trying their hand at the game. With over 30 kids actively participating each week I am so incredibly proud of my team and what they are doing with this program.

As for my personal coaching, I now have a great stable of players who I love spending time with. Currently I have 3 Sunshine Tour Players, one PGA Tour player, a Ladies Sunshine Tour Player and 2 Provincial Players. All of them test my knowledge and understanding of the game and it's a privilege to have them place their trust in my abilities as a coach. On top of that I still have time to see my local amateur golfers who don't always get it right but when they do, it most certainly brings a smile to both our faces.

The game is tough, the game is frustrating but ultimately it's the most rewarding sport of all when things do go your way. I love what I do and will continue to give my utmost to bringing new players into the sport and helping as many as I can improve.

Thanks again for the nominations, it is always greatly appreciated

Pete
